► Leisure Karting (20 Minutes)

Professional Karts (20 Minutes) Professional Gearbox has 32 hp. Here starts the future of the karting sport. ROTAX proudly presents a revolutionary package for the racetrack: the RM1 kart. Based on the powerful and reliable FR 125 MAX kart engine ROTAX engineers have further refined this power pack. The result: the RM1 kart - the complete kart for the ambitious kart enthusiast. For the first time in karting, the engine, gearbox, brakes, chassis, tires, and bodywork are brought together in a finely tuned system. Highest priority: Maximum fun. RM1 - Enter the future: fast forward The revolutionary chainless 2-speed direct drive train (patent pending) doesn't require any service such as lubrication or chain adjustment. The 2-speed gearbox in harmony with the forceful 125 MAX DD2 engine brings the maximum power to the tarmac. Drivers up to now had no opportunity to own such an attractive kart package. The scratchproof, sublimated bodywork of the RM1 increases your safety, protects most parts from damage, and simply looks great.

the maximum speed of 45 KM is better suited for children from 6 to 10 years old, The kart is designed with high safety factors to protect the driver from accidents
