Itinerary:

Nefertari means 'beautiful companion', was one of the best known Egyptian queens, next to Cleopatra, Nefertiti, and Hatshepsut. Now you can enjoy a ray of its beauty on our international marina's harbor as the "Nefertari" submarine has just arrived at our city's port, to settle there at its last dedicated destination. It is owned by "Egypt Sun Marine" company, a well-known company that owns a huge fleet of submarines in Hurghada, Safaga, Sharm El Sheikh, Taba, Dahab, Cairo and Alexandria that provides well organized differentiated boat trips. it was designed and constructed by the Egyptian company's engineers and launched from Safaga's port.

it was dedicated specifically for Port Ghalib, in the Pharaonic style, to be the first submarine of its kind in the Red Sea, Tailor made specifically for Port Ghalib after the approval of the director of the Marina, Captain Sherif Fawzi, on all designs.

Port Ghalib, as a destination, was chosen by the managers of the company to be a final step point to launch the new submarine, because of its marina's high potential , tourist's and visitor's high profile categories, the city's itself architectural style, and its geographical location in the red sea zone . " The cooperation with the Marina Department, especially captain Sherif Fawzi, was more than wonderful," said Mr. Hisham Khalel, the boat's manager. "He facilitated all the procedures for us and provided the suitable place for the submarine in cooperation with Mr. Mohamed Nasr" added by Mr. Hisham. Nefertari will conduct morning boat trips, to introduce visitors to the Red Sea treasures, as the boat is fully equipped with the snorkeling kit. at night, it will act as a marvelous dining restaurant and a café, suitable to offer its guests to take a night cruise inside Marina Port Ghalib while having a perfect sunset dinner.

it is considered to be the first-night dinner sea cruise in a Red Sea submarine and can be also used as a place for romantic dinner in the sea with its Seafood and beverage special menu.
